CERTIFIED RETURN RECEIPT REQUESTED
(P 402 458 669)

Mr. A. J. Cornell
President
Castle Valley Mining Company
P. O. Box 1240
Castle Dale, Utah 84513

FILE COPY

Dear Mr. Cornell:

RE: Revised MR-1 Application, Mining and Reclamation Plan,
White Cap #8 Mine, PRO/015/033, Emery County, Utah

As agreed at our joint meeting with you and Bob Randolph of the BLM on April 29, 1986 at the Division offices, we have revised your original MR-1 application. The revised application form should now reflect the changes which have occurred since we received your original application December 27, 1985. The plan should include changes which have been agreed to by Castle Valley Mining Company as a result of our meetings.

Enclosed, please find one copy of the revised MR-1 application form which should be reviewed by you to insure that it accurately reflects our joint understanding of the proposed operations. Please compare it with the enclosed copy of your original application and make certain that the revised copy includes all the appropriate changes as we discussed.

After you have reviewed the revised application (if acceptable), please sign the application, have it notarized and return it to the Division as soon as possible. Please attach the revised map which you agreed to provide at our last meeting, on April 29th.

Castle Valley Mining Company is reminded that the State Department of Environmental Health may require an Air Quality permit for your operation. You are advised to contact Mr. Brent Bradford at the Salt Lake Office, (801) 533-6018 to confirm this requirement.

Mr. A.J. Cornell
PRO/015/033
May 8, 1986

Please contact me or D. Wayne Hedberg should you have any questions or concerns regarding this revised application. Upon receipt of the signed and notarized application, the Division will arrange for the 30-day public notice advertizement and prepare its tentative approval decision. In the interim, we will continue with the preparation of the reclamation cost estimate for your operation and transmit the results as soon as they are complete.

Thank you for your cooperation in completing this permitting activity.

Sincerely,

L. P. Braxton
Administrator
Mineral Resource Development
and Reclamation Program
